**End Connection Quantity:**

4

**Valve Discharge Flow Rate:**

5.3 gallons per minute

**Valve Operation Method:**

Solenoid

**Voltage In Volts And Current Type:**

24.0 dc

**Product Name:**

Proportional directional control valve

**Special Features:**

Ng6/cetop 3 sub-base connections; nitrile seals; electrical connection: socket, din 43650 without plug

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A506h0
