Width:

1.810 inches all ends

Length:

4.690 inches all ends

Valve Operation Method:

Solenoid

Maximum Operating Pressure:

210.0 bar single response

Voltage In Volts And Current Type:

24.0 dc

Product Name:

Screw-in cartridge valve

Special Features:

flow: 227 liter/minute

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
