End Application:

1539 model pneumatic actuators; 4810-01-575-3997 actuator; as39

Component Quantity:

30

Component Document Origin:

Industrial

Document Source:

28740

Document Type:

Catalog sheet

Component Document Page Number:

11

Supply Items And Quantities:

Item 6a, 4 split-ring end cap bearings, item 6b, 2 split-ring piston bearings, item 10, 1 thrust bearing (r6 rk only), item 15a, 2 end cap o-rings, item 15b, 12 guide rod o-rings, item 15c, 2 piston o-rings, item 15d 1 top shaft o-ring, item 15e, 1 bottom shaft o-ring, item 15f, 1 shaft cliff, item 15g, 1 top pinion bearing, item 15h, 1 bottom pinion bearing, 3 stainless steel washers

End Item Source:

1h855

Document Identification:

Flowserve series 39 actuators

End Item Name:

Pneumatic actuator

Product Name:

15 size, 39 series actuator repair kit

Special Features:

Repair kits vary some, revision 6 (r6) kits are applicable on r2 through r6, although 6c end cap bearings and item 17, 4 or 8 bearing retainers, are used only on r2 actuators. Specify revision when ordering to guarantee correct bearings and retainers (if needed). Next higher assembly 4810-01-575-4324 is modified by cage 1h855 iaw navy requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
