Body Material:

Brass

Media For Which Designed:

Gas

Seat Material:

Plastic, polytetrafluoroethylene

End Application:

Turkey armed services

Temperature Rating:

Between -40.0 degrees fahrenheit and 140.0 degrees fahrenheit

Product Name:

Dual stage regulator

Special Features:

length 7.720-8.320 min-max inch x width 2.91 inch; gauge 2.500 diameter chrome-plated brass

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
