Flow Control Device Normal Operation Position:

Open

End Application:

3800702-1 gas turbine engine

Current Rating In Amps:

8.0

Valve Operation Method:

Solenoid

Mounting Position:

Horizontal

Voltage In Volts And Current Type:

28.0 dc

Outside Diameter Tube Accommodated:

0.250 inches all ends

Material:

Stainless steel

Style Designator:

A1 straight thru

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
