Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4810-01-611-5660

Body Material:

Aluminum alloy

Valve Loading Method:

Spring

Remote Actuation Method:

Spool

End Application:

A/s48m-4 ums

Tempurature Rating:

120.0 degrees celsius

Product Name:

Pressure reducing/relieving, pilot-operated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
