**End Application:**

Control, electrical, p/n 62351 onboard uscg wagb 400 class

**Special Features:**

Din rail mount style control amplifier for hydraforce proportional valves; supply voltage 9-32 vdc; input resistance 50 ohms; operating conditions minus 20 degrees f to 85 degrees c, 0 to 85% relative humidity; screw terminal connections for 16-30 awg wire

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
