Solenoid Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4810-01-655-2568

Maximum Operating Temp:
180.00 degrees fahrenheit single response
End Application:
R20tmmasp-001
Valve Operation Method:
Solenoid
Inlet/outlet Operating Pressure Differential:
200.00 pounds per square inch
Product Name:
Solenoid control valve
Material:
Copper alloy body
Material Specification:
Astm b283 assn standard single material response body
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A046b0
