Thread Direction:

Right-hand all ends

Flow Control Device Normal Operation Position:

Universal

Minimum Operating Temp:

30.0 degrees celsius

Valve Operation Method:

Solenoid

Mounting Position:

Horizontal

Raised Face Height:

1.25 inches 1st end

Product Name:

Solenoid poppet valve

Material:

Aluminum body lining

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
