General Description:

Aluminum alloy body, 3000.0 psi maximum working pressure, minus 65.0 degrees f plus 275.0 degrees f working temp, 4 end connections
7/16-20 3b unjf

Reference Number Differentiating Characteristics:

As differentiated by mfr source controlling dwg a51h9205 fscm 26512

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
