Flange Diameter:

1.125 inches

Body Outside Diameter:

0.906 inches

Body Inside Diameter:

0.312 inches

Flange Seat To Disk End Height:

0.281 inches

Under Flange Height:

0.094 inches

Seat Angle In Deg:

45.000

Seating Surface Shape:

Angular

Material:

Copper alloy

Material Specification:

Sae 72 assn standard single material response

Style Designator:

Plain flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15500
