**Thread Direction:**

Right-hand 1st end

**Flow Control Device:**

Diaphragm

**Connection Style:**

Plain (pipe) 1st end

**Valve Operation Method:**

Automatic

**Connection Type:**

Threaded external pipe 1st end

**Thread Size:**

0.250 inches 1st end

**Special Features:**

Aperture diameter: 0.125 in. ; mounting position: horizontal

**Material:**

Rubber synthetic flow control device

**Style Designator:**

Straight thru

**Thread Series Designator:**

Npt 1st end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
