## NSN 4820-00-134-4506

Pressure And Temperature Relief Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-00-134-4506

Body Material:
Aluminum alloy
Outside Surface Treatment:
Anodized, mil-a-8625
Tempurature Rating:
160.0 degrees fahrenheit
Media For Which Designed:
Hydrocarbon fuels and oils
Opening Pressure Setting:
Not rated
Valve Discharge Flow Rate:
Not rated
Tempurature Adjustability:
Adjustable
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07100
