Flow Control Device:

Disk

Valve Operation Method:

Manual

Material:

Aluminum alloy 7075 body

Material Specification:

Mil-a-22771 military specification single material response body

Surface Treatment:

Anodize

Style Designator:

Tee w/offset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A046b0

Mil-std (military Standard):

Mil-a-22771 spec.
