Bonnet Type:

Inside screw

Bonnet Attachment Method:

Bolted

Bolt Hole Quantity:

16

Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Features Provided:

Bonnet packing

Valve Size:

12.000 inches

Stem Type:

Nonrising

Face To Face Distance:

6.625 inches

Flange Face Design:

Plain

Outside Diameter Tube Accommodated:

14.875 inches

Reference Number Differentiating Characteristics:

Size 12 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0
