Valve Operation Method:

Automatic

Mounting Position:

Horizontal or vertical

Material:

Aluminum alloy 356.0 flow control device

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530b0

Mil-std (military Standard):

Mil-a-8625 spec.
