**Flange Diameter:**

11.000 inches

**Bonnet Type:**

Outside screw-yoke

**Bonnet Attachment Method:**

Bolted

**Bolt Hole Quantity:**

8

**Valve Operation Method:**

Manual

**Connection Type:**

Flange, round w/holes

**Features Provided:**

Bonnet packing

**Stem Type:**

Rising

**Face To Face Distance:**

10.500 inches

**Flange Face Design:**

Raised

**Special Features:**

Max operating pressure 150 psi; max operating temp 500 degrees f; 1st end: 1.000 in. Thk; raised face ht 0.062 in., raised face diameter 8.500 in.

**Material:**

Steel stem

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A500a0
