Overall Height:

1.500 inches

Body Outside Diameter:

4.188 inches

Body Inside Diameter:

1.063 inches

Seat Angle In Deg:

45.000

Seating Surface Shape:

Angular

Special Features:

Nsn4820-00-456-5594 consists of cast steel seat with hard facing gimpel part no. NI178-1 assembled with nitralloy bushing gimpel part no. Nk238-1; should be assembled prior to finish machining to assure proper concentricities

Material:

Steel

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15500
