Body Material:

Steel

Body Style:

Angle

Media For Which Designed:

Oxygen, gaseous

Flow Control Device:

Disk, dual

End Connection Quantity:

2

Mounting Facility:

External thread

Regulation Type:

Manual, double stage

Manual Control Method:

Screw

Maximum Inlet Pressure Rating:

4000.0 pounds per square inch

Outlet Pressure Setting:

400.0 pounds per square inch

Filter:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A21100
