Renewable Seat Ring Type:

Threaded

Valve Operation Method:

Manual

Flange Shape:

Round 1st end

Connection Type:

Flange 1st end

Outside Diameter:

10.125 inches 1st end

First Connection Face To Centerline Distance:

9.375 inches

Second Connection Face To Centerline Distance:

9.375 inches

Flange Face Design:

Plain 1st end

Material:

Nickel alloy stem

Style Designator:

Angle flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
