Flange Diameter:

8.688 inches

Bonnet Type:

Outside screw-yoke

Bonnet Attachment Method:

Bolted

Bolt Hole Quantity:

9

Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Features Provided:

Bonnet packing

Valve Size:

3.500 inches

Stem Type:

Rising

Face To Face Distance:

9.000 inches

Flange Face Design:

Plain

Inlet Relationship With Outlet:

Identical

Material:

Nickel alloy disk

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0

Mil-std (military Standard):

Mil-v-1189 spec.
