**Flow Control Device:**

Poppet

**Maximum Operating Pressure:**

25.0 pounds per square inch 1st response

**Material:**

Aluminum alloy body

**Media For Which Designed:**

Fuel/oil, hydrocarbon single response

**Surface Treatment Specification:**

Mil-a-8625, type 2 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530c0

**Mil-std (military Standard):**

Mil-a-8625 spec.
