Cross-sectional Shape:

Concave

Burst Pressure:

75.0 pressure pounds per square inch gage

Disk Material:

Aluminum

Disk Size:

1.000 inches

Special Features:

Polytetrafluoroethylene coated with stainless steel vacuum support; lox clean i/a/w af instructions k3655-00887

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512v0
