Flow Control Device:

Disk

Renewable Seat Ring Type:

Retaining screw

Connection Style:

Beaded (hose) all ends

Valve Operation Method:

Automatic

Connection Type:

Unthreaded external hose all ends

Mounting Position:

Horizontal or vertical

Special Features:

Double check

Material:

Rubber synthetic packing

Style Designator:

Straight thru

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
