Mounting Method:

Flange

Capillary Tube Length:

60.000 inches

End Application:

Expansion valve; alco controls, model ter45h

Usage Design:

Power assembly. Controls flow and regulates temperature in alco controls thermo-expansion valves

Thermostat Type:

Bulb

Product Name:

Power assembly.

Special Features:

1/4 in. Male flare external equalizer; media refrigerant r-22; furn w/gaskets and bulb clamps

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
