Body Outside Diameter:

3.000 inches

Body Inside Diameter:

2.438 inches

Seat Angle In Deg:

30.000

Seating Surface Shape:

Angular

Criticality Code Justification:

Zzzy

Special Features:

4 slots 1/16 in. By 5/16 in. W, 90 degrees apart

Material:

Nickel alloy

Style Designator:

Plain

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A15500
