Material:

Aluminum alloy 2024 body

Material Specification:

Qq-a-225/6 federal specification single material response body

Surface Treatment Specification:

Mil-a-8625 ii military specification 1st treatment response

Supplementary Features:

Applicable to f-15 aircraft; gravity fuel, te tank

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530b0

Mil-std (military Standard):

Mil-a-8625 spec.
