Flange Diameter:

1.500 inches

Body Outside Diameter:

1.312 inches

Body Inside Diameter:

1.000 inches

Flange Seat To Disk End Height:

0.189 inches

Under Flange Height:

0.375 inches

Seat Angle In Deg:

30.000

Seating Surface Shape:

Angular

Material:

Nickel alloy

Material Specification:

Mil-c-15726, composition 70-30 military specification single material response

Style Designator:

Plain flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15500

Mil-std (military Standard):

Mil-c-15726 spec.
