Thread Direction:

Right-hand 1st end

Flow Control Device:

Ball

Connection Style:

Plain (pipe) 1st end

Valve Operation Method:

Automatic

Connection Type:

Threaded external pipe 1st end

Mounting Position:

Horizontal or vertical

Thread Size:

0.250 inches 1st end

Special Features:

One end with screw driver slot

Material:

Steel flow control device

Style Designator:

Straight thru

Thread Series Designator:

Npt 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
