Thread Direction:

Right-hand all ends

Flow Control Device:

Poppet

Maximum Operating Temp:

200.0 degrees fahrenheit single response

Connection Style:

Plain, optional end (pipe) all ends

Valve Operation Method:

Automatic

Connection Type:

Threaded internal pipe all ends

Mounting Position:

Horizontal

Thread Size:

0.250 inches all ends

Material:

Steel comp 303 flow control device

Style Designator:

Straight thru

Thread Series Designator:

Npt all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
