Inside Diameter:

0.378 inches

Overall Height:

0.892 inches

Pressure Rating:

6000.0 pounds per square inch

Material:

Steel comp 416se

Material Specification:

Ams 5610, comp 416se assn standard single material response

Media For Which Designed:

Air or hydraulic fluid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
