Thread Direction:

Right-hand all ends

Flow Control Device:

Piston

Width:

0.500 inches all ends

Length:

1.320 inches all ends

Mounting Position:

Vertical

Thready Qty Per Inch (tpi):

27 all ends

Special Features:

thread .37in.; o-ring material buna n rubber; item weight 4 oz.

Material:

Copper alloy

Special Test Features:

Less than 0.1 in.Water column drop in 60 sec. With a of 40+ or 40-1 in.Water column vacuum applied

Style Designator:

Straight thru

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
