Flange Diameter:

9.062 inches

Bonnet Type:

Packing retaining

Bolt Hole Quantity:

10

End Application:

Various submarine parts

Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Valve Size:

5.000 inches

Stem Type:

Nonrising

Face To Face Distance:

7.500 inches

Flange Face Design:

Plain

Material:

Nickel alloy 400 stem

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500a0
