Body Material:

Aluminum

Body Style:

Straight thru

First End Connection Type:

Threaded internal tube

First End Style Designator:

Plain

Flow Control Device:

Piston, free type

End Connection Quantity:

1

Temperature Adjustability:

Adjustable

Temperature Control Device Type:

Thermostatic

Fsc Application Data:

Hydraulic test stand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
