**End Application:**

Aircraft model b-1b

**Valve Type For Which Designed:**

Fluid pressure regulating

**Valve Design Control Activity:**

43999

**Material:**

Aluminum alloy

**Material Specification:**

Mil0a-21180cl11 military standard all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A518e0
