Tempurature Rating:

450.0 degrees fahrenheit

Pressure Rating:

250.0 pounds per square inch

Material:

Steel comp 304

Material Specification:

Qq-s-763, class 304, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
