Criticality Code Justification:

Zzzy

Special Features:

Stainless steel type 316; 0.375 in. Diameter of stem; black oxide coated; heat treated 225-275 brinell

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A503z0
