Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-215-1247

Body Material:
Steel, corrosion resisting
First End Connection Type:
Threaded external tube
First End Thread Size And Series/type Designator:
11/16-24 unef
Maximum Inlet Pressure Rating:
10000.0 pounds per square inch
Special Features:
Cartridge type
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
