Flange Diameter:

1.395 inches

Body Outside Diameter:

0.965 inches

Body Inside Diameter:

0.878 inches

Flange Seat To Disk End Height:

0.213 inches

Under Flange Height:

0.570 inches

Seat Angle In Deg:

Between 59.000 and 60.000

Seating Surface Shape:

Angular

Material:

Stainless steel

Material Specification:

Qq-s-763 federal specification single material response

Style Designator:

Plain flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15500
