End Application:

Valve, butterfly 10.000 in.Model 22I

Tempurature Rating:

200.0 degrees fahrenheit

Pressure Rating:

175.0 pounds per square inch

Special Features:

Min temp m 20.0 degrees f

Material:

Aluminum and copper alloy

Style Designator:

Solid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
