Flow Control Device:

Disk

Valve Operation Method:

Automatic

Criticality Code Justification:

Zzzy

Material:

Copper alloy

Style Designator:

C1 angle

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A046b0
