## Flange Diameter:

5.562 inches

#### Bonnet Type:

Outside screw-yoke

## **Bonnet Attachment Method:**

Bolted

## **Bolt Hole Quantity:**

6

## Valve Operation Method:

Manual

## **Connection Type:**

Flange, round w/holes

#### Valve Size:

2.000 inches

#### Stem Type:

Rising

#### Face To Face Distance:

5.750 inches

#### Flange Face Design:

Plain

## Inlet Relationship With Outlet:

Identical

## Material:

Nickel alloy disk

#### **Specification Data:**

81349-mil-v-1189 government specification

#### **Specification Or Standard:**

1 type and 1 class

Shelf Life:

N/a

#### Unit Of Measure:

---

## Demilitarization:

No

Fiig:

A500a0

## Mil-std (military Standard):

Mil-v-1189 spec.
