Flange Diameter:

11.000 inches

Bonnet Type:

Inside screw

Bonnet Attachment Method:

Bolted

Bolt Hole Quantity:

8

Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Valve Size:

6.000 inches

Stem Type:

Nonrising

Face To Face Distance:

10.500 inches

Flange Face Design:

Raised

Inlet Relationship With Outlet:

Identical

Pressure Class:

150.0 pounds

Special Features:

With position indicator

Material:

Steel body

Furnished Items And Quantity:

1 handwheel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0
