Bonnet Type:

Inside spring

Bonnet Attachment Method:

Integral

Valve Operation Method:

Manual

Special Features:

Approximately 1.500 in. Long; seats against p/n 2981-valve cone; regulates flow in a fuel pump

Material:

Steel body

Media For Which Designed:

Fuel/oil, hydrocarbon single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
