Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-238-9810

Body Material:
Steel, corrosion resisting
Media For Which Designed:
Air and nitrogen, gaseous
Outlet Pressure Range:
+100.0/+175.0 pounds per square inch
Regulation Type:
Automatic single stage
Maximum Inlet Pressure Rating:
1500.0 pounds per square inch
Shelf Life:
N/a
Unit Of Measure:

No **Fiig:** 

A21100

Demilitarization:
