Criticality Code Justification:

Zzzy

General Description:

Material carb.Steel, i.D.6.145/5.140 in., o.D.6.873/6.870 in., bevel angle 41 degrees porm 30 min, height 0.750 porm0.016 in., hardness=80-110 bhn.

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
