**Criticality Code Justification:**

Zzzy

**General Description:**

Material carb.Steel, i.D.6.145/5.140 in., o.D.6.873/6.870 in., bevel angle 41 degrees porm 30 min, height 0.750 porm0.016 in., hardness=80-110 bhn.

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
