Criticality Code Justification:

Zzzy

General Description:

Material carb. Steel, id 6.145/6.40 in., od 6.893/6.890 ins., bevel angle 41 degrees porm 30 min., height 0.750 porm 0.016ins., hardness 80-110 bhn.

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
