**Criticality Code Justification:**

Zzzy

**General Description:**

Material carb.Steel, i.D. 6.145/6.140 inches, o.D.6.883/6.880 inches, bevel angle 41 deg. Porm 30 min, hardness 80-110 bhn

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
