Valve Type For Which Designed:

Globe

Features Provided:

Rising stem and threaded

Valve Size For Which Designed:

3.000 inches

Stem Actuating End Type:

Threaded externally

Valve Model Number For Which Designed:

No 3o2w-1

Material:

Stainless steel

Material Specification:

Astm a182 grade f6 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503z0
